Move that the previous minutes are a true and accurate record: JH seconded BM.

Questions from the principal:

Hall use at lunchtimes - she required more information.

The council discussed and thought that Wednesday lunchtimes might be a good time. Each class could have the hall for this slot. Year 8s could act as marshals, supervising the play. Dodgeball/benchball mentioned as possible sports to be played. Further discussion is required to sort out the logistics of this eg. how would behaviour be managed?

Discussion items:

- The councillors would like to see the Flying Fox repaired, there's a general consensus that it is a great piece of playground equipment. A thought that the PTA may finance the cost of the repair.

RQ and BM will liaise and prepare a letter to the PTA.

- Query about the milk containers - they just have to be flattened and not folded origami style now.
